

# A Moment to Themselves

---

*A quiet portrait experience*

This is not about performance.

It is a space to pause -  
to step gently out of the roles you carry,  
and be seen as you are.

A moment, held  
without expectation.

A woman with dark hair pulled back, wearing a dark sleeveless top, is sitting for a portrait. Her hands are clasped together in her lap. The background is a plain, light color.
